

# Sydney University Club Night

Sydney University Swimming Club (SUSC) conducts a Club Night once per month on a Saturday afternoon. Warm up usually commences at 2:00pm with races commencing at 2:45pm and finishing by approximately 5:30pm depending on the program. An email will be circulated a few days prior to the meet to advise the timeline and entry list. All relevant meet information can be found on our [website](#) and on Team App.

## Entry Procedure

Entries to meets will be accepted in one of two ways - either via [www.anotherpb.com](http://www.anotherpb.com) using the Online Entries tab OR via <https://swimcentral.swimming.org.au>. Click [here](#) for instructions on how to enter a meet in Swim Central. The meet flyer will provide all the information about the program of events, the entry fees and advise which entry system is being used. Swimmers should discuss with their coach which events to enter.

Please contact the Race Secretary if you have any issues relating to the entry process.  
[suscracesecretary@gmail.com](mailto:suscracesecretary@gmail.com)

## Results

Results will be uploaded to the Meet Mobile app throughout the meet. Once the results have been verified by MetSEA and approved by Swimming NSW they will show on Swim Central and AnotherPB.

## Parents/Carers at Club Nights

Swimming is a sport which requires a large number of technical officials to run a meet under the rules of Swimming NSW. Club nights can only be run with the assistance of many volunteer parents. We need at least a Referee, Starter, three Marshals, a Recorder, a Chief Timekeeper plus three timekeepers per lane. If a club night is using 5 lanes this means we need at least 22 volunteers helping to run the meet. Even though no formal training is required for timekeeping, parents are encouraged to become technical officials. Click [here](#) for details.

## Frequently Asked Questions

### Are Club Night times official?

In order for the times swum at SUSC Club Nights to be recognised as official qualifying times, our club has to satisfy the following conditions:

- Approval for the club night must be sought from MetSEA one month before the meet. The names of the referee and starter plus a copy of the meet flyer showing the program must be provided.
- The nominated referee and starter must officiate at the club night plus three timekeepers per lane.
- We use the Dolphin Semi-Automatic Timing System

### What can the times be used for?

Our Club Night times are valid qualifying times for all levels of competition: - club, area, region, state and national competitions

### How do we ensure the integrity of our club night results?

- Our qualified Recorder ensures the efficient running of the Dolphin Timing System and integrated Meet Manager system
- Disqualifications noted by the referee and reported to the Recorder are double checked at the end of the meet
- Where possible and practical the Referee will advise the swimmer of the reason/s for their disqualification. Feedback will be provided to the coaches at the end of the meet
- At the conclusion of the meet, the Recorder will print a copy of the results and check them in conjunction with the Referee
- The Recorder will upload the results to Swim Central within 24 hours of the conclusion of the meet. These results will be verified by MetSEA and approved by Swimming NSW
- The Recorder will load the results to Team Manager for the purpose of tracking the club point score and checking for new records
